

Online Complaint Registration

Features Documentation

Introduction

The Online Complaint Registration System is a web-based application that allows citizens to register complaints online and track their status. The system provides separate interfaces for users, officers, and administrators to ensure efficient complaint management and resolution.

1. User Registration & Profile Creation

Description

Users can create an account by registering with their email and password. After successful registration, users can log in and manage their personal profile.

Functionalities

- Secure user registration
 - User login authentication
 - Profile creation
 - Edit and update profile information
 - Store user details for complaint tracking
-

2. Officer Browsing & Complaint Type Filtering

Description

Users can select the appropriate department while submitting a complaint and monitor the status of their complaints.

Functionalities

- Browse available departments
- Filter complaints by category
- Search officers or departments
- Track complaint status
 - Pending

- In Progress
 - Resolved
-

3. Complaint Lodging & Management

Description

Users can register complaints by providing complete information and supporting documents.

Functionalities

- Complaint registration form
 - Select complaint category
 - Enter complaint description
 - Upload supporting documents or images
 - Generate complaint ID
 - Store complaints in the database
-

4. Officer Dashboard

Description

Officers manage the complaints assigned to them through a dedicated dashboard.

Functionalities

- View assigned complaints
 - Filter complaints
 - Update complaint status
 - Add action notes
 - Upload resolution reports
-

5. Admin Controls & Verification

Description

The administrator manages the entire system, including officers, users, and complaint monitoring.

Functionalities

- Approve officer accounts
 - Manage users
 - Manage departments
 - View complaint analytics
 - Handle escalations
 - Monitor system security
-

Summary

The Online Complaint Registration System provides secure complaint registration, complaint tracking, officer management, and administrative control. These features ensure an efficient, transparent, and user-friendly complaint management process.
